

From Dark to Light

Dr. Oliver Marc Wittwer / 26.02.2022 / www.provisions.ch

From dark to light.

The light is now about to be freed from the shadows.

Outside, and inside each of us.

We have to let the shadows go, outside and inside, and choose the light.

Light is eternal, shadows are fiction.

Let us face and embrace our shadows and fears, and then let them go.
